

HOTBOX-C1500

TRUCK MOUNTED ASPHALT MIX HEATING & TEMPERATURE-KEEPING TANK MOTIVE ASPHALT PLANT;

- ★ Fast heated;
- ★ Convenient application;
- ★ Good temperature keeping;
- ★ Accurate temperature control;

Device parameters

Product model	HOTBOX-C1500
Size	3160×1700×1580mm
Silo volume	1.3M ³
Generator set	5.5kW Honda gasoline generator set
Way to heat up	Diesel heat transfer oil heating
Thermal oil tank volume	200L
Loading height	1.8m (From Truck Chassis surface)
Gasoline tank capacity	13L
Heating methods	Burner → Heat Transfer Oil → Asphalt Mix Material
Material Feeding Inlet	1600×1000 (mm)

ADVANTAGES

- Material heating and better temperature-keeping performance;

- Intelligent heating system & Temperature control;

- Flexible door closing and opening & Independent material tank assembly;

- Power sources for other equipments;

- Fast material discharge
